📍 Center for Law & Economics | Haldeneggsteig 4 | CH-8092 Zurich

## Summary

I am a Ph.D. Student at ETH Zurich specializing in the law and economics of standard form contracts. My research examines the "stickiness" of default rules and regulatory spillover effects. Leveraging innovative computational methods, including large language models, I conduct large-scale analyses of standard form contracts such as end user license agreements and privacy policies. My interdisciplinary work contributes to the academic understanding of contract design and informs policymakers.

## Experience

### Ph.D. Student

ETH Zurich, Center for Law & Economics

4/2024 - Present

Zurich, Switzerland

### Legal Intern

Swiss Federal Department of Economic Affairs, Education and Research

7/2023 - 3/2024

Berne, Switzerland

### Research Assistant

ETH Zurich, Center for Law & Economics

3/2021 - 2/2023

Zurich, Switzerland

### Legal Intern

Homburger

1/2021 - 2/2021

Zurich, Switzerland

### Legal Intern

Pestalozzi Attorneys at Law

7/2020

Zurich, Switzerland

## Education

### CAS in Applied Statistics

ETH Zurich

4/2023 - 5/2024

### Master of Law

Joint Degree at the Universities of Zurich and Lausanne

Grade: 5.6, *summa cum laude*

3/2022 - 3/2023

### Bachelor of Law

University of Zurich

Grade: 5.5, *summa cum laude*

9/2018 - 3/2022

## Skills

Languages **Native:** German | Serbian **Fluent:** English | French **Beginner:** Italian

Programming **Intermediate:** R |  $\LaTeX$  **Beginner:** Python

Interests Futsal | Reading newspapers | Hiking | Specialty coffee

## Publications

---
